24 Emergency and After-Hours Access to Services

A mental health "emergency" is when a person is at direct and immediate risk of seriously harming themselves or someone else. If you have a mental health emergency you should seek help right away. You can call:

How to Obtain Emergency & After-Hours Mental Health Services

24 Hour Centralized Access Center

(313) 224-7000 or (800) 241-4949 TTY:
(866) 870-2599

The Help Line provides crisis intervention, suicide prevention, mental health information, and referral to services throughout Wayne County.

Crisis Screening and Referral Services

Crisis Screening and Referral Centers ensure immediate help. In person or by phone, for individuals experiencing a mental health crisis.

Mental Health Services are available for all eligible Wayne county residents. The population we serve includes adults, adolescents and children with serious emotional disturbances. The program also serves persons with severe and persistent mental illness, persons with developmental disabilities and persons with substance abuse disorders.
